

Astronomy 230 Fall 2005

Homework #10

Due in Class: Friday, Dec. 2

Note: This homework should be typed.

1. Write **two** multiple choice questions that you would expect to see on the December 16th final examination.

- **Write** the questions **and** the A through E choices.
- **Label** the correct response.
- **Explain** the answer in 3-4 sentences.
- You will be graded on the relevance of the question to the class material.
- No facts questions, such as: What is the diameter of the Milky Way? I care more about conceptual questions.

2. Write **one** medium-length essay questions that you would expect to see on the December 16th final examination.

- **Write** an example essay that fully answers the question.
- **Make sure** to use ideas and concepts from class.
- **Explain** the answer in 3-4 sentences.
- You will be graded on the relevance of the question to the class material.
