

# Astronomy 230 Fall 2006

## Homework #11

Due in Class: Friday, Dec. 5

Note: This homework should be typed.

1. Write **two** multiple choice questions that you would expect to see on the December 11<sup>th</sup> final examination.
  - **Write** the questions **and** the A through E choices.
  - **Label** the correct response.
  - **Explain** the answer in 3-4 sentences.
  - You will be graded on the relevance of the question to the class material.
  - No facts questions, such as: What is the diameter of the Milky Way? I care more about conceptual questions.
2. Write **one** medium-length essay questions that you would expect to see on the December 11<sup>th</sup> final examination.
  - **Write** an example essay that fully answers the question.
  - **Make sure** to use ideas and concepts from class.
  - **Explain** the answer in 3-4 sentences.
  - You will be graded on the relevance of the question to the class material.
