

Astronomy 230 Fall 2006

Homework #5

Due in Class: Thursday, Oct. 5

Note: This homework should be typed.

1. Write **two** multiple choice questions that you would expect to see on the October 12th examination.
 - **Write** the questions **and** the A through E choices.
 - **Label** the correct response.
 - **Explain** the answer in 3-4 sentences.
 - You will be graded on the relevance of the question to the class material.
 - No facts questions, such as: What is the diameter of the Milky Way? I care more about conceptual questions.
2. Write **one** short essay questions that you would expect to see on the October 12th examination.
 - **Write** an example essay that fully answers the question.
 - **Make sure** to use ideas and concepts from class.
 - **Explain** the answer in 3-4 sentences.
 - You will be graded on the relevance of the question to the class material.
